No. 257 of 1845.—The following paragraphs of a Military Letter No. 21, from the Hon'ble the Court of Directors to the Governor of Bengal, dated 11th April 1839, are published for general information :

17. It would be contrary to an established principle of the Service, that the State should pay twice for the performance of the duties of one Office, we are therefore under the necessity of declining to alter the Regulation under which the privilege to Officers Commanding Divisions of continuing to receive their allowances when absent from their Commands within their respective Presidencies for a limited period was granted, upon the condition that no additional expense should thereby be occasioned to the State.

18. We would suggest to you that means might occasionally be found for temporarily detaching a Brigadier from a Station at which

there is a Major General present in Command, to one from which a Major General has been permitted to be absent, and that thus the necessity for appointing an additional Brigadier would be avoided.

EDUCATION NOTICE.

RULES for the examination of Candidates for insertion in the list directed to be annually furnished to Government, by the Notification of the Governor General, dated 10th October, 1844.

1. No one shall be allowed to become a Candidate for insertion in the Annual Returns, who is less than 18 or more than 23 years of age; and who is not at the time a student either of a Government or of a private Institution recognized by the Council of Education. All competitors must likewise produce satisfactory proofs of good moral character.

2. Every Candidate, whether he belong to a Government College or a private Institution, shall be required to undergo the usual Annual Examination, for Senior English Scholarships, a Latin being substituted for a Vernacular Essay, at the option of each Candidate.

3. There shall be two class of merit: the first shall comprehend all who are in the last year of a Senior Scholarship, or who, though not actually in the last year, would be so, if there had been a vacant scholarship at the time when they first became eligible for one, or have been engaged for ten years in the study of English at a private institution, and who obtain at least $\frac{1}{2}$ of the number of marks allowed in each subject. The second class shall include all other candidates, who obtain at least $\frac{1}{2}$ of the number of marks allowed for complete answers in every subject contained in the Senior English Scholarship standard.

4. The place of each successful competitor in his class, shall be determined by the relative merit of his Examination.

5. Every Candidate for insertion in the Council's list, shall pay a registration fee of Co's Rs 5, prior to being allowed to compete at the examination.

6. The Examinations shall be held Annually at the Town Hall, a few days before the Doorga Poojah Holidays, of which due notice shall be given.

7. A Student who shall fail to prove himself qualified for insertion in the Council's list, shall not be permitted to present himself for examination more than three times, pre-paying on each occasion the usual registration fee.

8. A Candidate whose name shall once have appeared in the return, shall not be allowed to compete again with a view to obtain a higher grade.

9. All Candidates, whether from Government or private Institutions, must distinctly understand, that mere insertion in the returns will by no means be a sure passport to employment, since the preference must depend upon other qualifications, as well as upon literary and scientific acquirements, and good moral conduct.

10. The following is the system of examination adopted and the standard of the Senior English Scholarships referred to, in Rule 2.

Sets of questions on the various branches of study will be prepared under the direction of the Council of Education, who will likewise fix within a reasonable time beforehand, the days on which the examinations shall be held.

The Students shall be assembled in a room without books, papers or references of any kind. They shall not be allowed to communicate with

each other during the examination, and on that account shall be placed at a proper distance from each other.

They will be required to answer the questions and to write the Essays without any assistance whatever, and to ensure this, one of the Members of the Council of Education will remain in the room and superintend the whole examination.

Any attempt at, or practice of, unfair means, shall subject the offender to exclusion from the examination, as well as from the returns of the Council, and thereby render him ineligible for Government employment.

The Council of Education will fix an uniform standard of value for each question according to its importance, a perfectly correct and complete answer will obtain the full number of marks attached to the question, an imperfect answer will obtain a part only of the full number, in proportion to its approximation to correctness and completeness. At least 50 per cent. of the aggregate number of marks attached to an entire set of examination questions, will be necessary to entitle a student to a Senior Scholarship.

The following are the qualifications for the Senior English Scholarships.

English Essay The candidate must compose a fair English Essay.

History. He must know the leading facts of Universal History, with special

reference to the Histories of Greece, Rome, India, England, and Modern Europe. The course of History which will form the subject of each Annual Examination, will be made known by the Council of Education on or before the 15th of June of the previous year.

General Literature. He must be able to explain passages of Prose and Verse, selected from

standard authors. Hereafter the works from which the passages will be selected for the ensuing year, will be fixed by the Council of Education, at least one year before each annual Scholarship examination.

Mathematics. He must have a knowledge of Algebra as treated of in Peacock's work

on the subject, and in the Chapter on Chances in Wood's Algebra. Of Euclid he must know the first four books, the fifth definition of the 5th book, the 6th book, and 21st proposition of the 11th book: Plane and Spherical Trigonometry (Hind's, Sugaball's or Woodhouse's) and Conic Sections.

Natural Philosophy. He must have a knowledge of Astronomy, Mechanics, Hydrostatics,

Pneumatics and Optics as treated of in the works noted in the margin*

* Brinkley's Astronomy or the Astronomy in the Natural Philosophy of the S. D. U. K. Whewell's Mechanics, Webster's Hydrostatics and Phelps's Optics, with the Pneumatics of the S. D. U. K.

He must be acquainted with Mathematical and Physical Geography, as treated of in the Publications of the Society for the Diffusion of Useful Knowledge.

Vernacular Essay. He must write a fair essay in the Vernacular.

The holders of Senior Scholarships will be examined further in a paper of special test questions, which will be prepared under the direction of the Council of Education for that purpose, and which may include subjects not specified above.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding $\frac{1}{2}$ an ounce, 8 Annas, ... (1 Shilling)
Above $\frac{1}{2}$, and not exceeding 1 ounce,
1 Rupee, (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees, (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees, (6 Shillings)
And so on, increasing 1 Rupee, (2 Shillings)
for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"Via Southampton."

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Ben-tinck and Hindostan.

Deputy Post Master.

EDUCATION NOTICE.

RULES for the examination of Candidates for insertion in the list directed to be annually furnished to Government, by the Notification of the Governor General, dated 10th October, 1844.

1. No one shall be allowed to become a Candidate for insertion in the Annual Returns, who is less than 18 or more than 23 years of age; and who is not at the time a student either of a Government or of a private Institution recognized by the Council of Education. All competitors must likewise produce satisfactory proofs of good moral character.

2. Every Candidate, whether he belong to a Government College or a private Institution, shall be required to undergo the usual Annual Examination, for Senior English Scholarships, a Latin being substituted for a Vernacular Essay, at the option of each Candidate.

3. There shall be two class of merit: the first shall comprehend all who are in the last year of a

Senior Scholarship, or who, though not actually in the last year, would be so, if there had been a vacant scholarship at the time when they first became eligible for one; or have been engaged for ten years in the study of English at a private institution, and who obtain at least $\frac{3}{4}$ ths of the number of marks allowed in each subject. The second class shall include all other candidates, who obtain at least $\frac{1}{2}$ of the number of marks allowed for complete answers in every subject contained in the Senior English Scholarship standard.

4. The place of each successful competitor in his class, shall be determined by the relative merit of his Examination.

5. Every Candidate for insertion in the Council's list, shall pay a registration fee of Co's Rs. 5, prior to being allowed to compete at the examination.

6. The Examinations shall be held Annually at the Town Hall, a few days before the Doorga Poojah Holidays, of which due notice shall be given.

7. A Student who shall fail to prove himself qualified for insertion in the Council's list, shall not be permitted to present himself for examination more than three times, pre-paying on each occasion the usual registration fee.

8. A Candidate whose name shall once have appeared in the return, shall not be allowed to compete again with a view to obtain a higher grade.

9. All Candidates, whether from Government or private Institutions, must distinctly understand, that mere insertion in the returns will by no means be a sure passport to employment, since the preference must depend upon other qualifications, as well as upon literary and scientific acquirements, and good moral conduct.

10. The following is the system of examination adopted and the standard of the Senior English Scholarships referred to, in Rule 2.

Sets of questions on the various branches of study will be prepared under the direction of the Council of Education, who will likewise fix within a reasonable time beforehand, the days on which the examinations shall be held.

The Students shall be assembled in a room without books, papers or references of any kind. They shall not be allowed to communicate with each other during the examination, and on that account shall be placed at a proper distance from each other.

They will be required to answer the questions and to write the Essays without any assistance whatever, and to ensure this, one of the Members of the Council of Education will remain in the room and superintend the whole examination.

Any attempt at, or practice of, unfair means, shall subject the offender to exclusion from the examination, as well as from the returns of the Council, and thereby render him ineligible for Government employment.

The Council of Education will fix an uniform standard of value for each question according to its importance, a perfectly correct and complete answer will obtain the full number of marks attached to the question, an imperfect answer will obtain a part only of the full number, in proportion to its approximation to correctness and completeness. At least 50 per cent. of the aggregate number of marks attached to an entire set of examination questions, will be necessary to entitle a student to a Senior Scholarship.

The following are the qualifications for the Senior English Scholarships.

English Essay.

The candidate must compose a fair English Essay.

History.

He must know the leading facts of Universal History, with special reference to the Histories of Greece, Rome, India, England, and Modern Europe. The course of History which will form the subject of each Annual Examination, will be made known by the Council of Education on or before the 15th of June of the previous year.

General Literature.

He must be able to explain passages of Prose and Verse, selected from standard authors. Hereafter the works from which the passages will be selected for the ensuing year, will be fixed by the Council of Education, at least one year before each annual scholarship examination.

Mathematics.

He must have a knowledge of Algebra as treated of in Peacock's work on the subject, and in the Chapter on Chances in Wood's Algebra. Of Euclid he must know the first four books, the fifth definition of the 5th book, the 6th book, and 21st proposition of the 11th book: Plane and Spherical Trigonometry (Hind's, Snowball's or Woodhouse's) and Conic Sections.

Natural Philosophy.

He must have a knowledge of Astronomy, Mechanics, Hydrostatics, Pneumatics and Optics as treated of in the works noted in the margin* sufficient to enable him to comprehend Herschell's Introductory Discourse on the Study of Natural Philosophy, and Mrs. Somerville's Connection of the Physical Sciences. He must also be acquainted with Mathematical and Physical Geography, as treated of in the Publications of the Society for the Diffusion of Useful Knowledge.

Vernacular Essay.

He must write a fair essay in the Vernacular.

The holders of Senior Scholarships will be examined further in a paper of special test questions, which will be prepared under the direction of the Council of Education for that purpose, and which may include subjects not specified above.

EDUCATION NOTICE.

RULES for the examination of Candidates for insertion in the list directed to be annually furnished to Government, by the Notification of the Governor General, dated 10th October, 1844.

1. No one shall be allowed to become a Candidate for insertion in the Annual Returns, who is less than 18 or more than 23 years of age; and who is not at the time a student either of a Government or of a private Institution recognized by the Council of Education. All competitors must likewise produce satisfactory proofs of good moral character.

2. Every Candidate, whether he belong to a Government College or a private Institution, shall be required to undergo the usual Annual Examination, for Senior English Scholarships, a Latin being substituted for a Vernacular Essay, at the option of each Candidate.

3. There shall be two class of merit: the first shall comprehend all who are in the last year of a

Senior Scholarship, or who, though not actually in the last year, would be so, if there had been a vacant scholarship at the time when they first became eligible for one; or have been engaged for ten years in the study of English at a private institution, and who obtain at least $\frac{1}{3}$ ths of the number of marks allowed in each subject. The second class shall include all other candidates, who obtain at least $\frac{1}{2}$ of the number of marks allowed for complete answers in every subject contained in the Senior English Scholarship standard.

4. The place of each successful competitor in his class, shall be determined by the relative merit of his Examination.

5. Every Candidate for insertion in the Council's list, shall pay a registration fee of Co's Rs. 5, prior to being allowed to compete at the examination.

6. The Examinations shall be held Annually at the Town Hall, a few days before the Doorga Poojah Holidays, of which due notice shall be given.

7. A Student who shall fail to prove himself qualified for insertion in the Council's list, shall not be permitted to present himself for examination more than three times, pre-paying on each occasion the usual registration fee.

8. A Candidate whose name shall once have appeared in the return, shall not be allowed to compete again with a view to obtain a higher grade.

9. All Candidates, whether from Government or private Institutions, must distinctly understand, that mere insertion in the returns will by no means be a sure passport to employment, since the preference must depend upon other qualifications, as well as upon literary and scientific acquirements, and good moral conduct.

10. The following is the system of examination adopted and the standard of the Senior English Scholarships referred to, in Rule 2.

Sets of questions on the various branches of study will be prepared under the direction of the Council of Education, who will likewise fix within a reasonable time beforehand, the days on which the examinations shall be held.

The Students shall be assembled in a room without books, papers or references of any kind. They shall not be allowed to communicate with each other during the examination, and on that account shall be placed at a proper distance from each other.

They will be required to answer the questions and to write the Essays without any assistance whatever, and to ensure this, one of the Members of the Council of Education will remain in the room and superintend the whole examination.

Any attempt at, or practice of, unfair means, shall subject the offender to exclusion from the examination, as well as from the returns of the Council, and thereby render him ineligible for Government employment.

The Council of Education will fix an uniform standard of value for each question according to its importance, a perfectly correct and complete answer will obtain the full number of marks attached to the question, an imperfect answer will obtain a part only of the full number, in proportion to its approximation to correctness and completeness. At least 50 per cent. of the aggregate number of marks attached to an entire set of examination questions, will be necessary to entitle a student to a Senior Scholarship.

The following are the qualifications for the Senior English Scholarships.

English Essay.

The candidate must compose a fair English Essay.

History.

He must know the leading facts of Universal History, with special reference to the Histories of Greece, Rome, India, England, and Modern Europe. The course of History which will form the subject of each Annual Examination, will be made known by the Council of Education on or before the 15th of June of the previous year.

General Literature.

He must be able to explain passages of Prose and Verse, selected from standard authors. Hereafter the works from which the passages will be selected for the ensuing year, will be fixed by the Council of Education, at least one year before each annual scholarship examination.

Mathematics.

He must have a knowledge of Algebra as treated of in Peacock's work on the subject, and in the Chapter on Chances in Wood's Algebra. FORT WILLIAM,
HOME DEPARTMENT,
LEGISLATIVE,
THE 16TH AUGUST, 1845

The following Act is brought up before the Legislative Council this day—The Governor General of India in Council being desirous that no time should be lost in passing the Act

Resolved—That the Rules requiring that all Acts of the Governor General of India in Council shall be brought up for second reading in two months, or in three months from the date of the first reading be suspended in respect to the following proposed Act, and that it be at once passed into Law

ACT No. XV. OF 1845.

An Act for declaring and enacting the privileges of Native Officers and Soldiers of the Armies of the three Presidencies in respect of Judicial and Revenue proceedings.

I. Whereas doubts have arisen whether the Regulation XV. of 1816 of the Bengal Code is still in force, or how much, if any, of its provisions is still in force:

It is therefore hereby declared and enacted, that the said Regulation and every provision thereof are still in force.

II. And whereas by virtue of Regulation VIII of 1817 of the Madras Code, the Law for the Madras Army is the same as the Law heretofore declared and enacted for the Bengal Army, and whereas it is expedient and just that the Law should be the same for the Bombay Army also:

It is therefore hereby enacted, that the said Regulation of the Bengal Code is extended to the Army of Bombay, except in so far as any of its provisions may be in their own nature inapplicable to that Army.

III. And whereas it is just and reasonable to extend the privileges conferred upon Native Officers and Soldiers by the Regulations aforesaid in respect of exemption from Stamps in legal proceedings:

It is hereby enacted, that all the Courts of the East India Company shall receive Plaints in original Suite, not being Suits originating in Loans or in pecuniary transactions of a Commercial nature upon unstamped paper when the plaintiff is a Native Officer or Soldier in the Military Establishment of the Presidency of Fort William, Port St. George, or Bombay.

IV. Provided that the value of any Stamp from which a plaintiff may be exempted by the last preceding Section shall be assigned in the Court in which

of Government to the Party cast or to the Parties respectively in such proportions as may be deemed equitable.

V. And it is hereby enacted, that if any Native Officer or Soldier shall institute a Suit under this Act in which he is not bona fide interested or not interested to the extent alleged in the Plaint, for the purpose of enabling some other person to avail himself fraudulently of the advantages conferred by this Act, such Native Officer or Soldier shall be liable to a fine not exceeding five times the value of the stamped paper which the party interested would have required for the institution of the Suit otherwise than under this Act, such fine to be levied in the manner prescribed for the execution of decrees.

VI. And whereas by Section IV. of Act IV. of 1840 it is enacted, that if any party shall complain to a Magistrate or other Officer exercising the powers of a Magistrate, that he has been without authority of Law forcibly dispossessed of any Land, Premises, Water, Fisheries, Crops or other produce of Land within the jurisdiction of such Magistrate or other Officer as aforesaid, whether the same were possessed by such party as Proprietor, dependant Talookdar, Farmer, Under Farmer, Ryot, or otherwise, the Magistrate or other Officer as aforesaid shall require the parties complained against, and any other parties concerned to appear and make defence in person or by Agent within a reasonable time; and if after the examination of the necessary witnesses and documents the complaint appears to him to be substantiated, he shall record a proceeding ordering the party complaining to be put again into possession of the subject of dispute and maintained in possession until the right to possession be determined by a competent Court; provided that no such order shall be passed unless the party complaining of having been so dispossessed prefer his claim within one month from the time of such dispossession:

And whereas it is just that when the party complaining is a Native Officer or Soldier, a longer period than one month from the time of dispossession should be allowed for preferring his claim:

It is therefore hereby enacted, that so much of the above recited Section of Act IV. of 1840, as provides that no such order as is therein mentioned shall be passed unless the party complaining of having been dispossessed in the manner therein mentioned prefer his claim within one month from the time of such dispossession, is repealed so far as regards complaints preferred by Native Officers or Soldiers.

VII. And it is hereby enacted, that no such order as is mentioned in the above recited Section of Act

IV. of 1840 shall be passed, when the party complaining of having been dispossessed is a Native Officer or Soldier unless such party prefer his claim within such period as may be considered by the Magistrate reasonable with reference to the distance of the party and the difficulty of communication.

The following Act, passed by the Governor General of India in Council on the 16th of August 1845, is hereby promulgated for general information :

Act No. XVI. of 1845.

An Act for regulating the re-admission of Appeals after dismissal under Act XXIX. of 1841.

Whereas the Provisions of Act XXIX. of 1841 are inconveniently severe as regards Appeals and it is expedient to mitigate the strictness thereof : —

I. It is therefore hereby enacted, that whenever an Appeal in any of the Courts of the East India Company in the Presidencies of Bengal or Madras, shall after the passing of this Act have been dismissed under the Provisions of the said Act XXIX. of 1841, it shall be competent to the Court which shall have dismissed such Appeal to re-admit the same if the Appellant shall make application for that purpose on the Stamp prescribed for miscellaneous Petitions, within three months after the Appeal shall have been dismissed if dismissed by the Sudder Court, and within one month after the Appeal shall have been dismissed if dismissed by any other Court, and shall satisfy the Court that the dismissal was occasioned by the default of his Vakeel or by unavoidable accident.

II. And it is hereby enacted, that it shall be competent to any of the said Courts to re-admit any Appeal which may have been dismissed before the passing of this Act under the Provisions of Act XXIX. of 1841 if the Appellant shall make application for that purpose on the Stamp prescribed for miscellaneous Petitions, within three months after the passing of this Act, and shall satisfy the Court that the dismissal was occasioned by the default of his Vakeel or by unavoidable accident.

III. Provided always and it is hereby enacted, that no Appeal which has been re-admitted under this Act, and again dismissed under the Provisions of Act XXIX. of 1841, shall be again re-admitted.

Act No. XVII. of 1845.

An Act for the better enforcement of the attendance of Witnesses in the Courts of the Moonsiffs, within the Presidency of Fort William in Bengal.

I. It is hereby enacted, that Clauses 1 and 2, Section XXXI. and Clause 1, Section XXXII. of Regulation XXIII. of 1814, of the Bengal Code, are repealed.

II. And it is hereby enacted, that within the Territories subject to the Presidency of Fort William in Bengal, if any Moonsiff shall require the evidence of a person not within his local jurisdiction, and such person shall not attend at the requisition of the parties, the Moonsiff shall issue the necessary process for procuring the attendance of such person and send the same to the Moonsiff within whose local jurisdiction such person is, who shall endorse such process and cause it to be duly served and executed.

III. And it is hereby enacted, that within the said Territories all powers now exercised by Zillah Judges for enforcing the attendance of any person upon whom a summons to appear as a witness has been duly served, and who has failed to attend in their Courts, shall from and after the passing of this Act, be exercised by Moonsiffs for enforcing the attendance of any person upon whom a summons to appear as a witness has been duly served, and who has failed to attend in their Courts. — Provided that all orders passed by Moonsiffs under this Act shall be subject to an appeal to the Zillah or City Judge, whose decision thereon shall be final.

Whereas it is desirable, with a view to the better definition and security of landed property, the prevention of encroachments and disputes, and the identification of lands assessed to, or exempted from, the public revenue, that provision should be made for the establishment and maintenance of permanent marks to distinguish the boundaries of fields :

IV. And it is hereby enacted, that no person being out of possession and claiming a right of ownership or occupancy in fields, the cost of erecting or maintaining whose boundary marks has been charged to the revenues of the Village, in consequence of his neglecting to defray the same, shall have his claim allowed until he makes good all sums so charged.

V. And it is hereby enacted, that any person who may be convicted of wilfully erasing, removing, or injuring field boundary marks, shall be liable to a fine not exceeding fifty Rupees for each mark so erased, removed, or injured one half of which fine may be awarded on conviction to the informer, and the other half shall be chargeable with the cost of restoring the mark.

FORT WILLIAM, 15TH AUGUST, 1845.

No. 261 B. of 1845.—The Right Honorable the Governor General of India in Council having considered the expenses to which the Native Troops of the Bengal Army are liable, 1st, in the erection of Huts on the formation of new Lines; or 2dly, in repairing those of which they take possession on changing their Stations in the ordinary course of Relief, is pleased to resolve, that in the former case the full Hutting Allowance shall be granted; and in the 2d case the Half Hutting Allowance, according to the annexed scale, which includes all persons on the Permanent Establishment of Corps who, by existing Regulations, are entitled to draw Batta.

2. In order that the Troops may receive their Allowances without delay on arriving at their new Lines, Officers Commanding Corps on receiving the order to march are directed to cause their Quarter Masters to transmit Bills for the Hutting Allowance which the Commanding Officer will countersign, for the Established Strength of the Regiment addressed to the Deputy Pay Master of the Division, who, if he is satisfied of the accuracy of the Bills, will cash them. They will then be submitted to the Military Auditor General for examination.

3. On the departure of any Corps from a Station, should the whole of the Hutting Allowance which has been received, not have been distributed, the difference shall be lodged by the Quarter Master with the Deputy Pay Master, who will credit the same to Government in the usual manner.

4. In cases of Relief, whenever the Regiment taking up the Lines shall require greater accommodation than the Regiment vacating them, full Hutting Money will be granted to such men as are forced to build new Huts, on a Certificate to that effect being furnished by the Commanding Officer and Quarter Master.

5. If a Corps or Detachment, on vacating its Line, shall wilfully damage the Huts, such Corps or Detachment will not be entitled to the indulgence granted by this Order on reaching its new Station; but will be liable to forfeit the advantage during as many subsequent Reliefs as in the opinion of the Government the case may demand.

6. Hutting Money will not be granted when a Corps or a part of a Corps has been detached from the Head-Quarters of the Regiment and shall return to its former Station having been absent for a period less than six months. No Allowance will be granted for Huts which may be erected in temporary situations.

7. It is clearly to be understood that this boon has been granted solely with the view of aiding the Soldier to meet this expense. The allowance will be strictly appropriated for this purpose, and it will be the duty of Reviewing Officers vigilantly to carry into effect at their Annual Inspections such instructions as His Excellency the Commander in Chief may be pleased to issue for the preservation and cleanliness of the Regimental Lines.

POST OFFICE NOTIFICATION.

P. and O. Steamers.

THE Bi-monthly Overland Communication having now been regularly established between this Country and Europe, and the arrangements for the conveyance of the Mails, direct, between Calcutta and Suez, finally completed and brought into operation; Notice, accordingly, is hereby given, that the rates of Postage charged on Letters and Papers carried by the Government Steamers from and to Bombay, will likewise be levied, in future, on Letters and Newspapers conveyed by the Peninsular and Oriental Company's Vessels, from and to Calcutta, both by way of Southampton, and via Marseilles.

1. The rules relative to the former, having also been made applicable, in every respect, to the latter, are subjoined for the information and guidance of the Public, in general. The scale of British Steam Postage, is, as follows, viz.

On every letter not exceeding $\frac{1}{2}$ an ounce in weight,8 As. or one Shilling.

On ditto above $\frac{1}{2}$ oz. and not exceeding one ounce,1 R. or two ditto.

On ditto above 1 oz. and not exceeding two ounces,2 Rs. or four ditto.

On ditto above 2 oz. and not exceeding three ounces, ...3 Rs. or six ditto.

and so on, increasing One Rupee, or Two Shillings, for every additional ounce weight, or any fraction thereof.

2. British weights not being generally available in this country, the following coins of the Hon'ble Company's currency, are recommended as the best substitutes :

In lieu of $\frac{1}{2}$ an ounce..... One Rupee and One Copper Pie.

In lieu of one ounce..... Two Copper Half Anna Pieces (or Double Pice) and One Pie—the former Coins are procurable by paying the equivalent, at the Mint.

3. Every person confining his English correspondence to the weight of the two former Coins, will be certain of being within the weight prescribed for a single Steamer Letter, and every Letter not exceeding the aggregate weight of the three latter Coins, will, in like manner, be within the weight allowed for a double Steamer Letter.

4. Steam Postage on Letters for Foreign and Continental Europe, or any place to which Great Britain does not necessarily form a channel of communication, forwarded via "Marseilles," as well as letters for Egypt, Syria, Turkey, Greece, and the Mediterranean Islands, subject to Red Sea (Steam) Postage, *must*, as heretofore, be pre-paid in this country.

5. Steam Postage on Letters for the United States or British Colonies in America, or the West Indies (unless addressed to Agents in Great Britain,) *cannot* be pre-paid in this country, whether sent by way of "Marseilles," or via Southampton.

6. The same rule applies equally to Letters for the United Kingdom, comprising England, Scotland, Ireland, Wales, and all the British Islands, despatched through "Marseilles," and also to those for the Continent of Europe, transmitted by way of "Southampton."

7. Letters for any Foreign country, directed to an Agent in England, will be received and disposed of, as if addressed to the United Kingdom.

8. The optional pre-payment of Steamer Postage, applies only to Letters sent, by the "Southampton" Route, to places within the United Kingdom, and vice versa.

9. The Term "Paid (or Pre-paid," which is synonymous) being the distinctive mark (indicative of the wishes of Senders) and the only guide for the Post Office Receivers, all Letters for the United Kingdom via "Southampton," which may be so marked, will, accordingly, be charged with Steamer Postage, and such as are not so superscribed, will be sent "Bearing."

10. The Inland (Indian) Postage which is quite distinct from, and always levied in addition to, Steam Postage, *must* be paid in advance, by the Sender, at the Posting Office, on Letters forwarded from out Stations to Calcutta or Bombay, or from either one Presidency to the other, for transmission by the Steamers, and vice versa, that is, by the Addressee at the Receiving Office. The word paid, therefore, should not be put on any Letter, except on those on which Senders, having the option, intend to Pre-Pay Steam Postage also.

11. No Letter exceeding 12 tolas, (a fraction under 5 ounces) in weight can be transmitted per Letter Mail; but if forwarded by Government Banghy Post, or otherwise sent to Bombay or Calcutta, it may be despatched by the Steamer, from either Presidency.

12. It is particularly requested, that Letters and Papers from the Mofussil, intended for despatch by the Overland Mail, from Calcutta, may be accordingly superscribed, for the guidance of the person who originally receives such Letters at the Posting Office. The route (Southampton or Marseilles) by which they are intended to be forwarded, should always be clearly specified also. Any Letter not marked "Per Steam," or "Overland," will be sent by a Sailing Vessel. In order to avoid mistakes, the name of the country, which a Letter is destined to, (England for example,) should be the last word in the superscription. Letters posted in Calcutta for despatch via Bombay should be accordingly directed.

13. Although $\frac{1}{2}$ ounce is the single weight for regulating Steamer Postage charge, the quarter tola continues to be the single weight for Inland Postage to Bombay, which Letter (from Calcutta to that Presidency.) amounts to Seven Annas.

14. An extra charge of One Rupee for every half tola weight, is made on Letters sent by the Overland Express from Calcutta to Bombay, and no Letter above one tola weight can be forwarded by such conveyance. Thus, for instance, a Pre-Paid Steam Letter of one tola weight, posted in Calcutta for transmission, via Bombay, would be charged with Postage, amounting to Rs. 3 6-0, viz.

Ordinary Inland Postage,.....	0	14	0
Express ditto,	2	0	0
Steam ditto,	0	8	0

Total Rs.	3	6	0
----------------	---	---	---

15. It is requested that no Firm or individual will send Letters exceeding Two Tolas Weight in the aggregate, and that each Letter be superscribed "Overland Express" when intended for such conveyance.

16. The Tola Weight above mentioned is equal to 180 Grains Troy, being the Standard Weight of the Company's Rupee.

17. Postage is levied according to the prescribed weight, without reference to the quality or quantity of the Paper.

18. No Steam Postage whatever is charged in India on Newspapers sent from this country, but Inland Postage to, and from, Bombay must be paid.

19. Receipts, if required, must be brought ready written, along with the Letters, &c. to the Post Office.

The foregoing explanation is given in detail, for the express purpose of preventing mistakes and consequent disappointment.

Any further change that may, hereafter, take place, will be duly notified.

Post Master General.

EDUCATION NOTICE.

RULES for the examination of Candidates for insertion in the list directed to be annually furnished to Government, by the Notification of the Governor General, dated 10th October, 1844.

1. No one shall be allowed to become a Candidate for insertion in the Annual Returns, who is less than 18 or more than 25 years of age; and who is not at the time a student either of a Government or of a private Institution recognized by the Council of Education. All competitors must likewise produce satisfactory proofs of good moral character.

2. Every Candidate, whether he belong to a Government College or a private Institution, shall be required to undergo the usual Annual Examination, for Senior English Scholarships, a Latin being substituted for a Vernacular Essay, at the option of each Candidate.

3. There shall be two class of merit: the first shall comprehend all who are in the last year of a Senior Scholarship, or who, though not actually in the last year, would be so, if there had been a vacant scholarship at the time when they first became eligible for one; or have been engaged for ten years in the study of English at a private institution, and who obtain at least $\frac{1}{3}$ ths of the number of marks allowed in each subject. The second class shall include all other candidates, who obtain at least $\frac{1}{2}$ of the number of marks allowed for complete answers in every subject contained in the Senior English Scholarship standard.

4. The place of each successful competitor in his class, shall be determined by the relative merit of his Examination.

5. Every Candidate for insertion in the Council's list, shall pay a registration fee of Co's Rs 5, prior to being allowed to compete at the examination.

6. The Examinations shall be held Annually at the Town Hall, a few days before the Doorga Poojah Holidays, of which due notice shall be given.

7. A Student who shall fail to prove himself qualified for insertion in the Council's list, shall not be permitted to present himself for examination more than three times, pre-paying on each occasion the usual registration fee.

8. A Candidate whose name shall once have appeared in the return, shall not be allowed to compete again with a view to obtain a higher grade.

9. All Candidates, whether from Government or private Institutions, must distinctly understand, that mere insertion in the returns will by no means be a sure passport to employment, since the preference must depend upon other qualifications, as well as upon literary and scientific acquirements, and good moral conduct.

10. The following is the system of examination adopted and the standard of the Senior English Scholarships referred to, in Rule 2.

Sets of questions on the various branches of study will be prepared under the direction of the Council of Education, who will likewise fix within a reasonable time beforehand, the days on which the examinations shall be held.

The Students shall be assembled in a room without books, papers or references of any kind. They shall not be allowed to communicate with each other during the examination, and on that account shall be placed at a proper distance from each other.

They will be required to answer the questions and to write the Essays without any assistance whatever, and to ensure this, one of the Members of the Council of Education will remain in the room and superintend the whole examination.

Any attempt at, or practice of, unfair means, shall subject the offender to exclusion from the examination, as well as from the returns of the Council, and thereby render him ineligible for Government employment.

The Council of Education will fix an uniform standard of value for each question according to its importance, a perfectly correct and complete answer will obtain the full number of marks attached to the question, an imperfect answer will obtain a part only of the full number, in proportion to its approximation to correctness and completeness. At least 50 per cent. of the aggregate number of marks attached to an entire set of examination questions, will be necessary to entitle a student to a Senior Scholarship.

The following are the qualifications for the Senior English Scholarships.

English Essay. The candidate must compose a fair English Essay.

History. He must know the leading facts of Universal History, with special reference to the Histories of Greece, Rome, India, England, and Modern Europe. The course of History which will form the subject of each Annual Examination, will be made known by the Council of Education on or before the 15th of June of the previous year.

General Literature. He must be able to explain passages of Prose and Verse, selected from standard authors. Hereafter the works from which the passages will be selected for the ensuing year, will be fixed by the Council of Education, at least one year before each annual scholarship examination.

Mathematics. He must have a knowledge of Algebra as treated of in Peacock's work on the subject, and in the Chapter on Chances in Wood's Algebra. Of Euclid he must know the first four books, the fifth definition of the 5th book, the 6th book, and 21st proposition of the 11th book: Plane and Spherical Trigonometry (Hind's, Snowball's or Woodhouse's) and Conic Sections.

Natural Philosophy. He must have a knowledge of Astronomy, Mechanics, Hydrostatics, Pneumatics and Optics as treated of in the works noted in the margin* sufficient to enable him to comprehend Herschell's Introductory Discourse on the Study of Natural Philosophy, and Mrs. Somerville's Connection of the Physical Sciences. He must also be acquainted with Mathematical and Physical Geography, as treated of in the Publications of the Society for the Diffusion of Useful Knowledge.

Vernacular Essay. He must write a fair essay in the Vernacular.

The holders of Senior Scholarships will be examined further in a paper of special test questions, which will be prepared under the direction of the Council of Education for that purpose, and which may include subjects not specified above.

FORT WILLIAM,
HOME DEPARTMENT,
LEGISLATIVE,

THE 16TH AUGUST, 1845.

The following Act is brought up before the Legislative Council this day—The Governor General of India in Council being desirous that no time should be lost in passing the Act.

Resolved—That the Rules requiring that all Acts of the Governor General of India in Council shall be brought up for second reading in two months, or in three months from the date of the first reading, be suspended in respect to the following proposed Act, and that it be at once passed into Law.

ACT No. XV. of 1845.

An Act for declaring and enacting the privileges of Native Officers and Soldiers of the Armies of the three Presidencies in respect of Judicial and Revenue proceedings.

I. Whereas doubts have arisen whether the Regulation XV. of 1816 of the Bengal Code is still in force, or how much, if any, of its provisions is still in force:

It is therefore hereby declared and enacted, that the said Regulation and every provision thereof are still in force.

II. And whereas by virtue of Regulation VIII. of 1817 of the Madras Code, the Law for the Madras Army is the same as the Law hereinbefore declared and enacted for the Bengal Army, and whereas it is expedient and just that the Law should be the same for the Bombay Army also:

It is therefore hereby enacted, that the said Regulation of the Bengal Code is extended to the Army of Bombay, except in so far as any of its provisions may be in their own nature inapplicable to that Army.

III. And whereas it is just and reasonable to extend the privileges conferred upon Native Officers and Soldiers by the Regulations aforesaid in respect of exemption from Stamps in legal proceedings:

It is hereby enacted, that all the Courts of the East India Company shall receive Plaints in original Suits, not being Suits originating in Loans or in pecuniary transactions of a Commercial nature upon unstamped paper when the plaintiff is a Native Officer or Soldier in the Military Establishment of the Presidency of Fort William, Port St. George, or Bombay.

IV. Provided that On value of any Stamp from which a plaintiff may be exempted by the last preceding Section shall be borne by the Decree on behalf

of Government to the Party cast or to the Parties respectively in such proportions as may be deemed equitable.

V And it is hereby enacted, that if any Native Officer or Soldier shall institute a Suit under this Act in which he is not bona fide interested or not interested to the extent alleged in the Plaint, for the purpose of enabling some other person to avail himself fraudulently of the advantages conferred by this Act, such Native Officer or Soldier shall be liable to a fine not exceeding five times the value of the stamped paper which the party interested would have required for the institution of the Suit otherwise than under this Act, such fine to be levied in the manner prescribed for the execution of decrees.

VI. And whereas by Section IV. of Act IV. of 1840 it is enacted, that if any party shall complain to a Magistrate or other Officer exercising the powers of a Magistrate, that he has been without authority of Law forcibly dispossessed of any Land, Premises, Water, Fisheries, Crops or other produce of Land within the jurisdiction of such Magistrate or other Officer as aforesaid, whether the same were possessed by such party as Proprietor, dependant Talookdar, Farmer, Under-Farmer, Ryot, or otherwise, the Magistrate or other Officer as aforesaid shall require the parties complained against, and any other parties concerned to appear and make defence in person or by Agent within a reasonable time; and if after the examination of the necessary witnesses and documents the complaint appears to him to be substantiated, he shall record a proceeding ordering the party complaining to be put again into possession of the subject of dispute and maintained in possession until the right to possession be determined by a competent Court; provided that no such order shall be passed unless the party complaining of having been so dispossessed prefer his claim within one month from the time of such dispossession:

And whereas it is just that when the party complaining is a Native Officer or Soldier, a longer period than one month from the time of dispossession should be allowed for preferring his claim:

It is therefore hereby enacted, that so much of the above recited Section of Act IV. of 1840, as provides that no such order as is therein mentioned shall be passed unless the party complaining of having been dispossessed in the manner therein mentioned prefer his claim within one month from the time of such dispossession, is repealed so far as regards complaints preferred by Native Officers or Soldiers.

VII. And it is hereby enacted, that no such order

IV. of 1840 shall be passed, when the party complaining of having been dispossessed is a Native Officer or Soldier unless such party prefer his claim within such period as may be considered by the Magistrate reasonable with reference to the distance of the party and the difficulty of communication.

IV.* And it is hereby enacted, that no person being out of possession and claiming a right of ownership or occupancy in fields, the cost of erecting or maintaining whose boundary marks has been charged to the revenues of the Village, in consequence of his neglecting to defray the same, shall have his claim allowed until he makes good all sums so charged.

V. And it is hereby enacted, that any person who may be convicted of wilfully erasing, removing, or injuring field boundary marks, shall be liable to a fine not exceeding fifty Rupees for each mark so erased, removed, or injured, one half of which fine may be awarded on conviction to the informer, and the other half shall be chargeable with the cost of restoring the mark.

GENERAL ORDERS BY THE RIGHT
HON'BLE THE GOVERNOR GENERAL
OF INDIA IN COUNCIL.

FORT WILLIAM, 16th August, 1845.

No. 272 of 1845.—The following Act passed by the Right Hon'ble the Governor General of India in Council in the Legislative Department, under this day's date, is published for general information.

FORT WILLIAM,
HOME DEPARTMENT,
LEGISLATIVE,

THE 16TH AUGUST, 1845.

ACT No. XV. OF 1845.

An Act for declaring and enacting the privileges of Native Officers and Soldiers of the Armies of the three Presidencies in respect of Judicial and Revenue proceedings.

1. Whereas doubts have arisen whether the Regulation XV. of 1816 of the Bengal Code is

still in force, or how much, if any, of its provisions are still in force :

It is therefore hereby declared and enacted that the said Regulation and every provision thereof are still in force.

II. And whereas by virtue of Regulation VIII. of 1817 of the Madras Code, the Law for the Madras Army is the same as the Law hereinbefore declared and enacted for the Bengal Army, and whereas it is expedient and just that the Law should be the same for the Bombay Army also:

It is therefore hereby enacted, that the said Regulation of the Bengal Code is extended to the Army of Bombay, except in so far as any of its provisions may be in their own nature inapplicable to that Army.

III. And whereas it is just and reasonable to extend the privileges conferred upon Native Officers and Soldiers by the Regulations aforesaid in respect of exemption from Stamps in legal proceedings :

It is hereby enacted, that all the Courts of the East India Company shall receive Plaints in original Suits, not being Suits originating in Loans or in pecuniary transactions of a Commercial nature upon unstamped paper when the plaintiff is a Native Officer or Soldier in the Military Establishment of the Presidency of Fort William, Fort St. George, or Bombay.

IV. Provided that the value of any Stamp from which a plaintiff may be exempted by the last preceding Section shall be charged in the Decree on behalf of Government to the Party cast or to the Parties respectively in such proportions as may be deemed equitable.

V. And it is hereby enacted, that if any Native Officer or Soldier shall institute a Suit under this Act in which he is not bona fide interested or not interested to the extent alleged in the Plaint, for the purpose of enabling some other person to avail himself fraudulently of the advantages conferred by this Act, such Native Officer or Soldier shall be liable to a fine not exceeding five times the value of the stamped paper which the party interested would have required for the institution of the Suit otherwise than under this Act, such fine to be levied in the manner prescribed for the execution of decrees.

VI. And whereas by Section IV. of Act IV. of 1840 it is enacted, that if any party shall complain to a Magistrate or other Officer exercising the powers of a Magistrate, that he has been without authority of Law forcibly dispossessed of any Land, Premises, Water, Fisheries, Crops or other produce of Land within the jurisdiction of such Magistrate or other Officer as aforesaid, whether the same were possessed by such party as Proprietor, dependant Talookdar, Farmer, Under-Farmer, Ryot, or otherwise, the Magistrate or other Officer as aforesaid shall require the parties complained against, and any other parties concerned to appear and make defence in person or by Agent within a reasonable time; and if after the examination of the necessary witnesses and documents the complaint appears to him to be substantiated, he shall record a proceeding ordering the party complaining to be put again into possession of the subject of dispute and maintained in possession until the right to possession be determined by a competent Court; provided that no such order shall be passed unless the party complaining of having been so dispossessed prefer

his claim within one month from the time of such dispossession :

And whereas it is just that when the party complaining is a Native Officer or Soldier, a longer period than one month from the time of dispossession should be allowed for preferring his claim :

It is therefore hereby enacted, that so much of the above recited Section of Act IV. of 1840, as provides that no such order as is therein mentioned shall be passed unless the party complaining of having been dispossessed in the manner therein mentioned prefer his claim within one month from the time of such dispossession, is repealed so far as regards complaints preferred by Native Officers or Soldiers.

VII. And it is hereby enacted, that no such order as is mentioned in the above recited Section of Act IV. of 1840 shall be passed, when the party complaining of having been dispossessed is a Native Officer or Soldier unless such party prefer his claim within such period as may be considered by the Magistrate reasonable with reference to the distance of the party and the difficulty of communication.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding $\frac{1}{2}$ an ounce, 8 Annas, ... (1 Shillings)

Above $\frac{1}{2}$, and not exceeding 1 ounce,

1 Rupee, (2 Shillings)

Above 1, and not exceeding 2 ounces,

2 Rupees, (4 Shillings)

Above 2, and not exceeding 3 ounces,

3 Rupees, (6 Shillings)

And so on, increasing 1 Rupee, (2 Shillings) for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

“BRITISH POSTAGE PRE-PAID,

“Via Southampton.”

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Ben-tinck and Hindostan.

EDUCATION.

PUBLIC EXAMINATIONS OF 1845.

1. The examination for senior scholarships, and candidates for government employment, will be held in the Town Hall, upon the dates and at the hours specified below.

2. The proprietors and masters of the various Institutions intending to profit by the resolution of the 10th October 1844, are invited to attend the examination in order to become acquainted with the nature of the ordeal; but it is to be distinctly understood, that no visitor is to interfere in any way with the examination or hold any communication whatever with the candidates. Those masters who may wish to be present are requested to apply to the Secretary to the Council of Education for a ticket of admission, without which no one will be allowed access to the Hall.

3. All Proprietors or Head-Masters of schools, are requested to send in to the Secretary to the Council of Education, a list of the candidates intending to be present from their Institutions, at least one week before the 23rd of September, accompanied with the certificates and testimonials required by the regulations already published.

5. The Council have latterly thought it expedient to give notice, to what books or parts of books they intend to confine the literary and historical examinations for the year, in order that the reading of the Students may not be spread over too wide a surface. They regret much that for the present year, it has not been possible to extend the notice beyond the Government Institutions.

They would, therefore, recommend Candidates from other Institutions, to consider whether it may not be prudent for them to postpone appearing for examination until next year, when care shall be taken, to give them notice of the books or parts of books, selected for the examination.

The following are the subjects referred to:—

POETRY.—Milton's Paradise Lost; Shakespere's Hamlet, Lear, Othello and Macbeth; and Gray's Poems as far as they are contained in Richardson's Selections.

PROSE.—The first four volumes of the Spectator, and Bacon's Essays.

HISTORY.—The History of England from the reign of Henry the 7th to the Revolution of 1688. The 3rd Book of Mill's History of India, and Macfarlane's Indian Empire.

6. The following are the days fixed for the examinations, which will commence daily at 10 A. M. precisely, and all answers must be given in at or before 5 P. M. Candidates are recommended to be in attendance a quarter of an hour earlier, in order that no time may be lost in taking their places, &c.

In consequence of the great additional importance acquired by the Senior Scholarship Examination, and of the competition being no longer limited to the Students in the Government Colleges, it has become necessary to afford the best possible guarantee to the public and the Government of the results being fully, fairly, and impartially reported. The papers will therefore be examined by the following Gentlemen:

WEDNESDAY, AUGUST 27, 1845.

FORT WILLIAM,
HOME DEPARTMENT,
LEGISLATIVE,

THE 16TH AUGUST, 1845

The following Act is brought up before the Legislative Council this day—The Governor General of India in Council being desirous that no time should be lost in passing the Act.

Resolved—That the Rules requiring that all Acts of the Governor General of India in Council shall be brought up for second reading in two months, or in three months from the date of the first reading, be suspended in respect to the following proposed Act, and that it be at once passed into Law.

ACT NO. XV. OF 1845.

An Act for declaring and enacting the privileges of Native Officers and Soldiers of the Armies of the three Presidencies in respect of Judicial and Revenue proceedings.

I. Whereas doubts have arisen whether the Regulation XV. of 1816 of the Bengal Code is still in force, or how much, if any, of its provisions is still in force:

It is therefore hereby declared and enacted, that the said Regulation and every provision thereof are still in force.

II. And whereas by virtue of Regulation VIII. of 1817 of the Madras Code, the Law for the Madras Army is the same as the Law hereinbefore declared and enacted for the Bengal Army, and whereas it is expedient and just that the Law should be the same for the Bombay Army also:

It is therefore hereby enacted, that the said Regulation of the Bengal Code is extended to the Army of Bombay, except in so far as any of its provisions may be in their own nature inapplicable to that Army.

III. And whereas it is just and reasonable to extend the privileges conferred upon Native Officers and Soldiers by the Regulations aforesaid in respect of exemption from Stamps in legal proceedings:

It is hereby enacted, that all the Courts of the East India Company shall receive Plaints in original Suits, not being Suits originating in Loans or in pecuniary transactions of a Commercial nature upon unstamped paper when the plaintiff is a Native Officer or Soldier in the Military Establishment of the Presidency of Fort William, Fort St. George, or Bombay.

IV. Provided that the value of any Stamp from which a plaintiff may be exempted by the last preceding Section shall be shared in the Decree on behalf

of Government to the Party cast or to the Parties respectively in such proportions as may be deemed equitable.

V. And it is hereby enacted, that if any Native Officer or Soldier shall institute a Suit under this Act in which he is not bona fide interested or not interested to the extent alleged in the Plaint, for the purpose of enabling some other person to avail himself fraudulently of the advantages conferred by this Act, such Native Officer or Soldier shall be liable to a fine not exceeding five times the value of the stamped paper which the party interested would have required for the institution of the Suit otherwise than under this Act, such fine to be levied in the manner prescribed for the execution of decrees.

VI. And whereas by Section IV. of Act IV. of 1840 it is enacted, that if any party shall complain to a Magistrate or other Officer exercising the powers of a Magistrate, that he has been without authority of Law forcibly dispossessed of any Land, Premises, Water, Fisheries, Crops or other produce of Land within the jurisdiction of such Magistrate or other Officer as aforesaid, whether the same were possessed by such party as Proprietor, dependant Talookdar, Farmer, Under-Farmer, Ryot, or otherwise, the Magistrate or other Officer as aforesaid shall require the parties complained against, and any other parties concerned to appear and make defence in person or by Agent within a reasonable time; and if after the examination of the necessary witnesses and documents the complaint appears to him to be substantiated, he shall record a proceeding ordering the party complaining to be put again into possession of the subject of dispute, and maintained in possession until the right to possession be determined by a competent Court; provided that no such order shall be passed unless the party complaining of having been so dispossessed prefer his claim within one month from the time of such dispossession:

And whereas it is just that when the party complaining is a Native Officer or Soldier, a longer period than one month from the time of dispossession should be allowed for preferring his claim:

It is therefore hereby enacted, that so much of the above recited Section of Act IV. of 1840, as provides that no such order as is therein mentioned shall be passed unless the party complaining of having been dispossessed in the manner therein mentioned prefer his claim within one month from the time of such dispossession, is repealed so far as regards complaints preferred by Native Officers or Soldiers.

VII. And it is hereby enacted, that no such order as is mentioned in the above recited Section of Act

IV. of 1840 shall be passed, when the party complaining of having been dispossessed is a Native Officer or Soldier unless such party prefer his claim within such period as may be considered by the Magistrate reasonable with reference to the distance of the party and the difficulty of communication.

The following Act, passed by the Governor General of India in Council on the 16th of August 1845, is hereby promulgated for general information:

Act No. XVI. of 1845.

An Act for regulating the re-admission of Appeals after dismissal under Act XXIX. of 1841.

Whereas the Provisions of Act XXIX. of 1841 are inconveniently severe as regards Appeals and it is expedient to mitigate the strictness thereof:—

I. It is therefore hereby enacted, that whenever an Appeal in any of the Courts of the East India Company in the Presidencies of Bengal or Madras, shall after the passing of this Act have been dismissed under the Provisions of the said Act XXIX. of 1841, it shall be competent to the Court which shall have dismissed such Appeal to re-admit the same if the Appellant shall make application for that purpose on the Stamp prescribed for miscellaneous Petitions, within three months after the Appeal shall have been dismissed if dismissed by the Sudder Court, and within one month after the Appeal shall have been dismissed if dismissed by any other Court, and shall satisfy the Court that the dismissal was occasioned by the default of his Vakēel or by unavoidable accident.

II. And it is hereby enacted, that it shall be competent to any of the said Courts to re-admit any Appeal which may have been dismissed before the passing of this Act under the Provisions of Act XXIX. of 1841 if the Appellant shall make application for that purpose on the Stamp prescribed for miscellaneous Petitions, within three months after the passing of this Act, and shall satisfy the Court that the dismissal was occasioned by the default of his Vakēel or by unavoidable accident.

III. Provided always and it is hereby enacted, that no Appeal which has been re-admitted under this Act, and again dismissed under the Provisions of Act XXIX. of 1841, shall be again re-admitted.

The following Act, passed by the Governor General of India in Council on the 16th of August 1845, is hereby promulgated for general information:

Act No. XVII. of 1845.

An Act for the better enforcement of the attendance of Witnesses in the Courts of the Moonsiffs, within the Presidency of Fort William in Bengal.

I. It is hereby enacted, that Clauses 1 and 2, Section XXXI. and Clause 1, Section XXXII. of Regulation XXIII. of 1814, of the Bengal Code, are repealed.

II. And it is hereby enacted, that within the Territories subject to the Presidency of Fort William in Bengal, if any Moonsiff shall require the evidence of a person not within his local jurisdiction, and such person shall not attend at the requisition of the parties, the Moonsiff shall issue the necessary process for procuring the attendance of such person and send the same to the Moonsiff within whose local jurisdiction such person is, who shall endorse such process and cause it to be duly served and executed.

III. And it is hereby enacted, that within the said Territories all powers now exercised by Zillah Judges for enforcing the attendance of any person upon whom a summons to appear as a witness has been duly served, and who has failed to attend in their Courts, shall from and after the passing of this Act, be exercised by Moonsiffs for enforcing the attendance of any person upon whom a summons to appear as a witness has been duly served, and who has failed to attend in their Courts.— Provided that all orders passed by Moonsiffs under this Act shall be subject to an appeal to the Zillah or City Judge, whose decision thereon shall be final.

LEGISLATIVE.

THE 16TH AUGUST, 1845.

The following Draft of a proposed Act was read in Council for the first time on the 16th of August 1845.

Act No. ——— of 1845.

An Act for the establishment and maintenance of field boundary marks in the Presidency of Bombay.

Whereas it is desirable, with a view to the better definition and security of landed property, the prevention of encroachments and disputes, and the identification of lands assessed to, or exempted from, the public revenue, that provision should be made for the establishment and maintenance of permanent marks to distinguish the boundaries of fields:

I. It is hereby enacted, that it shall be lawful, within the territories subject to the Presidency of Bombay, for such Revenue Officers as the Governor in Council may entrust with that authority, to require that marks be erected and maintained by the Owners or Occupants on the boundaries of fields, of such materials, and in such number as may appear to such Officers sufficient for permanently distinguishing the limits of those fields.

II. And it is hereby enacted, that the requisition shall be served on the persons owning or occupying each field according to the Form A. annexed to this Act, and in the event of these persons not being found in the Village, that the said requisition shall be posted at the Village Chowree or other conspicuous place in the Village, which shall be held to be a sufficient service.

III. And it is hereby enacted, that in default of the Owners or Occupants of the fields complying with the requisition, the said Revenue Officers shall give directions for the erection and repair of such field boundary marks, the cost of which shall be equitably apportioned on the fields which they serve to distinguish, and shall be charged to the persons possessing a right of ownership or occupancy in such fields, or if there are no such persons forthcoming (or willing to defray the charge) to the revenues of the Village in which the fields are situated.

IV. And it is hereby enacted, that no person being out of possession and claiming a right of ownership or occupancy in fields, the cost of erecting or maintaining whose boundary marks has been charged to the revenues of the Village, in consequence of his neglecting to defray the same, shall have his claim allowed until he makes good all sums so charged.

V. And it is hereby enacted, that any person who may be convicted of wilfully erasing, removing, or injuring field boundary marks, shall be liable to a fine not exceeding fifty Rupees for each mark so erased, removed, or injured, one half of which fine may be awarded on conviction to the informer, and the other half shall be chargeable with the cost of restoring the mark.

VI. And it is hereby enacted, that authority for the assessment and realization of all sums due under the provisions of this Act, whether as costs or penalties, shall be vested in the Revenue Officers authorized to provide for the erection and maintenance of field boundary marks, and shall be exercised by them in conformity with the rules prescribed for the assessment and realization of Revenue demands in general, and that the proceedings of those Officers in all such matters shall be recorded in writing, and shall be subject to appeal to the Revenue authorities to whom they are subordinate.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India, after the 16th day of November next.

G. A. BUSHBY,

Secy. to the Govt. of India.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding $\frac{1}{2}$ an ounce, 8 Annas, ... (1 Shillings)
Above $\frac{1}{2}$, and not exceeding 1 ounce,
1 Rupee, (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees, (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees, (6 Shillings)
And so on, increasing 1 Rupee, (2 Shillings)
for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

“BRITISH POSTAGE PRE-PAID,
“*Via Southampton.*”

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

Deputy Post Master.

The Council have latterly thought it expedient to give notice, to what books or parts of books they intend to confine the literary and historical examinations for the year, in order that the reading of the Students may not be spread over too wide a surface. They regret much that for the present year, it has not been possible to extend the notice beyond the Government Institutions.

The papers will therefore be examined by the following Gentlemen:

EDUCATION NOTICE.

RULES for the examination of Candidates for insertion in the list directed to be annually furnished to Government, by the Notification of the Governor General, dated 10th October, 1844.

1. No one shall be allowed to become a Candidate for insertion in the Annual Returns, who is less than 18 or more than 23 years of age; and who is not at the time a student either of a Government or of a private Institution recognized by the Council of Education. All competitors must likewise produce satisfactory proofs of good moral character.

2. Every Candidate, whether he belong to a Government College or a private Institution, shall be required to undergo the usual Annual Examination, for Senior English Scholarships, a Latin being substituted for a Vernacular Essay, at the option of each Candidate.

3. There shall be two class of merit: the first shall comprehend all who are in the last year of a Senior Scholarship, or who, though not actually in the last year, would be so, if there had been a vacant scholarship at the time when they first became eligible for one; or have been engaged for ten years in the study of English at a private institution, and who obtain at least $\frac{3}{4}$ ths of the number of marks allowed in each subject. The second class shall include all other candidates, who obtain at least $\frac{1}{2}$ of the number of marks allowed for complete answers in every subject contained in the Senior English Scholarship standard.

4. The place of each successful competitor in his class, shall be determined by the relative merit of his Examination.

5. Every Candidate for insertion in the Council's list, shall pay a registration fee of Co.'s Rs. 5, prior to being allowed to compete at the examination.

6. The Examinations shall be held Annually at the Town Hall, a few days before the Doorga Poojah Holidays, of which due notice shall be given.

7. A Student who shall fail to prove himself qualified for insertion in the Council's list, shall not be permitted to present himself for examination more than three times, pre-paying on each occasion the usual registration fee.

8. A Candidate whose name shall once have appeared in the return, shall not be allowed to compete again with a view to obtain a higher grade.

9. All Candidates, whether from Government or private Institutions, must distinctly understand, that mere insertion in the returns will by no means be a sure passport to employment, since the preference must depend upon other qualifications, as well as upon literary and scientific acquirements, and good moral conduct.

10. The following is the system of examination adopted and the standard of the Senior English Scholarships referred to, in Rule 2.

Sets of questions on the various branches of study will be prepared under the direction of the Council of Education, who will likewise fix within a reasonable time beforehand, the days on which the examinations shall be held.

The Students shall be assembled in a room without books, papers or references of any kind. They shall not be allowed to communicate with

each other during the examination, and on that account shall be placed at a proper distance from each other.

They will be required to answer the questions and to write the Essays without any assistance whatever, and to ensure this, one of the Members of the Council of Education will remain in the room and superintend the whole examination.

Any attempt at, or practice of, unfair means, shall subject the offender to exclusion from the examination, as well as from the returns of the Council, and thereby render him ineligible for Government employment.

The Council of Education will fix an uniform standard of value for each question according to its importance, a perfectly correct and complete answer will obtain the full number of marks attached to the question, an imperfect answer will obtain a part only of the full number, in proportion to its approximation to correctness and completeness. At least 50 per cent. of the aggregate number of marks attached to an entire set of examination questions, will be necessary to entitle a student to a Senior Scholarship.

The following are the qualifications for the Senior English Scholarships.

English Essay. The candidate must compose a fair English Essay.

History. He must know the leading facts of Universal History, with special

reference to the Histories of Greece, Rome, India, England, and Modern Europe. The course of History which will form the subject of each Annual Examination, will be made known by the Council of Education on or before the 15th of June of the previous year.

General Literature. He must be able to explain passages of Prose and Verse, selected from

standard authors. Hereafter the works from which the passages will be selected for the ensuing year, will be fixed by the Council of Education, at least one year before each annual scholarship examination.

on the subject, and in the Chapter on Chances in Wood's Algebra. Of Euclid he must know the first four books, the fifth definition of the 5th book, the 6th book, and 21st proposition of the 11th book: Plane and Spherical Trigonometry (Hind's, Snowball's or Woodhouse's) and Conic Sections.

Natural Philosophy. He must have a knowledge of Astronomy, Mechanics, Hydrostatics,

Pneumatics and Optics as treated of in the works noted in the margin*

* Brinkley's Astronomy or the Astronomy in the Natural Philosophy of the S. D. U. K. Whewell's Mechanics, Webster's Hydrostatics and Phelps's Optics, with the Pneumatics of the S. D. U. K.

FORT WILLIAM,
HOME DEPARTMENT,
LEGISLATIVE,

THE 23^d AUGUST, 1845.

The following Act, passed by the Governor General of India in Council on the 23^d of August 1845, is hereby promulgated for general information :

Act No. XVIII of 1845.

An Act for the punishment of offences committed by Convicts sentenced to imprisonment for life.

Whereas it is expedient that offences committed by Convicts sentenced to imprisonment for life, should be punished with greater severity than such offences are punished with in other cases.

I. It is hereby enacted, that within the Territories subject to the Government of the East India Company, except within the local limits of the jurisdiction of the Supreme Courts, and except within the Settlements in the Straits of Malacca, any Convict sentenced to imprisonment for life, or to transportation for life, who does any act with the intention of thereby causing, or with the knowledge, that he or she is likely thereby to cause the death of any person, shall, upon conviction thereof, before the Sessions Court, subject to confirmation by the Sudder Court, be punished with death, or with transportation for life, or with Corporal punishment not exceeding 39 stripes, whether such Convict does or does not by such act cause the death of any person.

II. And it is hereby enacted, that any such Convict as aforesaid who commits any offence whatever other than the offences mentioned in the preceding Section, or who is guilty of violent or disorderly conduct after having been punished by the order of the Superintendent of the Jail, in which he or she is confined, shall, upon conviction there-

of, before the Sessions Court, subject, if the Sentence be transportation for life, to confirmation by the Sudder Court, be punished with transportation for life, or with Corporal punishment not exceeding 39 stripes.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

- Not exceeding ½ an ounce, 8 Annas,... (1 Shillings)
- Above ½, and not exceeding 1 ounce,
1 Rupee, (2 Shillings)
- Above 1, and not exceeding 2 ounces,
2 Rupees, (4 Shillings)
- Above 2, and not exceeding 3 ounces,
3 Rupees, (6 Shillings)
- And so on, increasing 1 Rupee,..... (2 Shillings)
for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

“BRITISH POSTAGE PRE-PAID,
“ Via Southampton.”

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered sepa-

rately from other descriptions of letters in the Sender's Dawk Receipt Books.

N B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

Deputy Post Master.

GENERAL POST OFFICE NOTIFICATION.

TO prevent all possible misunderstanding, and to enable all Parties to secure the prompt delivery of their Letters bearing postage—The following Rules, this day issued for the guidance of the Delivery Peons, are hereby published for general information :

1st. Every Peon will be provided with a Pugree, Kumberbund and Belt, of uniform color, and will carry a bell in his hand.

2d. No bearing letter will be delivered to any party, whatever, without payment of the postage charged thereon.

3d. The Peon, on reaching each house, will sound the bell, and deliver all paid and service letters as usual, and at the same time, demand postage for any bearing letter or letters he may hold.

After the first sounding of the bell, the Peon may wait two or three minutes, when, if the postage of such bearing letter or letters is not given, he will sound the bell a second time, waiting as before; at the expiration of the second two minutes, he will sound the bell for the third and last time, when, after two more minutes delay, if not paid, he will proceed to the next house, and return the unpaid letter to the Office.

While employed in delivery the Peons will move at a sharp pace, and never loiter or converse by the way.

The Peons will be careful in carrying out these orders, that they be not guilty of disrespect or incivility to any party.

5. The Council have latterly thought it expedient to give notice, to what books or parts of books they intend to confine the literary and historical examinations for the year, in order that the reading of the Students may not be spread over too wide a surface. They regret much that for the present year, it has not been possible to extend the notice beyond the Government Institutions.

They would, therefore, recommend Candidates from other Institutions, to consider whether it may not be prudent for them to postpone appearing for examination until next year, when care shall be taken, to give them notice of the books or parts of books, selected for the examination.

The following are the subjects referred to:—

The papers will therefore be examined by the following Gentlemen:
